5 LITRE PACK

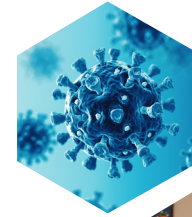

Wellbeing Brands

VIROCLEAR NOW COMES IN AN ECONOMICAL 5 LITRE BULK PACK

Kills COVID-19 within 90 seconds of surface contact

ViroCLEAR surface disinfectant is a world-leading, alcohol and ethanol free formulation that is effective against 99.99% of germs and bacteria, and is laboratory proven to kill COVID-19 within 90 seconds of surface contact.

It is hospital grade, effective on both clean and dirty surfaces, uses unique Biolnnovate technology and is 100% Australian made and owned.

The 5 Litre pack is an effective and economical solution especially suited for:

- Commercial Cleaning Businesses
- Transport Cleaning
- Professional Cleaners
- Hospitality Venues
- Aged-Care Facilities
- Educational Institutions
- Hospitals & Medical Centres
- Shops and Malls

ViroCLEAR contains 0.12% w/w benzalkonium chloride.
When using ViroCLEAR always read the label and carefully follow directions for use.
